Located on ten acres with walking trails and fenced areas, all dogs are kept in a secured & heated kennel. The kennel consists of indoor/outdoor runs; also crate accommodation. There are outdoor dog runs with sun shelter that allow the dogs to be outside during the day weather permitting so they do not have to be kept inside all the time. As many dogs do not like leash walking to relieve themselves, dogs are placed in either an indoor/outdoor run or outdoor area to gain relief.

To enhance their boarding experience, we encourage you to take advantage of [Doggie Daycare](#) which is open year-round. It gives your dog an opportunity to socialize with select groups of other friendly, healthy dogs.

We also offer a 24-hour Day/Night Program for a flat rate.

While other daycare dogs are on rest periods, a boarding dog that does not socialize well but needs some freedom throughout the day can still be booked for exercise hours in a daycare play area for a nominal hourly fee. As the dog will not be in group play, no assessment is necessary.

We require that you bring your dog's food with you, although we certainly carry food. Changing a dog's diet is not a good idea, and if required to use our food there will be a nominal fee. The dogs are fed according to your instructions. Bringing your own bowls is not required as we use stainless steel bowls at the kennel that are easily sanitized.

Pet Country Boarding Rates are determined by the weight of the animal; they range from \$23 - \$28 + HST daily. On the day of pickup, after 12:00 noon there is an extra \$1 an hour charged until you arrive instead of another day's rate. If a dog requires medication, there is a \$1 - \$5 fee dependent on type & administration of medication required. A 50% deposit is required upon drop-off if staying more than 7 days.
