---

We have some wonderful memories of &quot;Bailey&quot;. When he was a puppy, he chased Terry & Will and always got his wee teeth caught on their pyjama pants - so I was forever sewing them back together. Our daughter's dog &quot;Maddy&quot; taught Bailey how to open our patio screen door...Bailey would then come in and go right into the boys' bedrooms without hesitation!

He loved to take their favorite stuffed animals outside, and as such he spent a lot of time up North in Trout Creek while Jim was building our new home. He loved the woods, had lots of freedom and once chased a MOOSE up our driveway! Thankfully Jim saw what was happening, and called him back immediately! Being such a good puppy, he came back just as the moose turned to confront him! There are so many good memories, it would be a novel if I continued.

This picture taken at Pancake Bay Provincial Park, in Sault Ste. Marie in June of 2016 is one of our favourites. Such a handsome boy! Liz & Jim: THANK YOU for our wonderful (Gentle Giant & Son) Bailey.

Love always, Sue & Jim Davies and Family.
