Dog Boarding

Dogs are housed in a heated kennel, secured in the evenings. The kennel consists of indoor/outdoor runs & crate accommodation rooms. Located outside are multiple dog runs & tethering stations, sheltered from the sun. Pet Country Estate is situated on 10 acres with walking trails and fenced areas available for exercising dogs. To enhance the boarding experience, we encourage use of the Doggie Daycare as part of the kenneling program.

Doggie Daycare

With the pressures to-day taking dog owners from home for often extended periods of time, leaving dogs lonely & non socialized, now there is a place for them to come & visit for a day of fun. Pet Country Estate offers your dog an opportunity to socialize with selected groups of other friendly, healthy dogs; your dog will make new friends with other dogs, & enjoy their time while away from you. Your dog can be one of Pet Country's "HAPPY CAMPERS".

Obedience Training

Continuing the teachings of beloved retired head trainer Jim Gilchrist (C.A.P.P.D.T.) the methods used by our team of professional instructors are based on positive reinforcement. Pet Country Estate offers the following 6-week Obedience Courses, with an on-site supply store to meet your dog's needs:

- Junior Basic, Basic and Adanced

Cat Boarding

SEPARATE from Pet Country Estate's DOG Boarding facility, cats are secured in an exclusive, sanitary & comfortable temperature-controlled environment. Double-door security ensures your beloved feline family members will enjoy living indoors, as part of our home here at Pet Country Estate! For more information on any of our available Pet Services, please click on the links listed above - on the left-hand side of this page.
