

Bay

After almost 15 years we have had to say goodbye to our most precious boy "BAY". We want to say thank you and everyone at Pet Country Estate for entrusting us so many years ago with this beautiful Golden puppy, who turned out to be the love of our lives.

Bay was everything a Golden Retriever is supposed to be. Special in a hundred different ways and always the trickster, he could make us laugh at the drop of a sock, or race us to the discarded flip flops left out on the deck (he always beat us to them by the way). In his younger years, he could completely demolish a beach picnic in seconds, usually sending picnickers screaming in all directions. His ability to sniff out fallen apples or rotting fish was uncanny and his spirit of "living in the moment" never ever left him.

In his quieter years he was known as the sweetest, kindest dog to everyone...and pretty well all other animals he came across. But "children" were his greatest thrill, and his patience with them was outstanding. Through the years he was also simply the best "older brother" to the young dogs that entered into our lives.

We feel deeply thankful for having had Bay as long as we did. He was a testament to your wonderful breeding program. Thank you so much for producing such beautiful Golden Retrievers. Sincerely, Katherine & Alfred Finley
