Haley Heideman: September 18, 2004 - August 2, 2018

We are sad to report that we have lost our sweet girl "Haley". I will never forget the day we brought her home from Pet Country Estate. Fiercely loyal from the start, she loved the water, the muddiest of mud puddles, and chased all intruders from our property including (but not limited to) squirrels, geese and passing boaters.

Even though her mobility had deteriorated in the last couple of years, she continued to enjoy life right up to the end. We are grateful to Pet Country Estate for bringing such a wonderful friend into our family and to all staff who cared for her during her many visits. We will miss her terribly, but we know that she is having a great time bossing all the other dogs around in doggie heaven.

Sue, Tom and Kate Heideman

Haley
